

ARBOR DAY VOLUNTEER PRUNING AT PARK

FOR IAA TREE CLIMBING CHAMPIONSHIP

We are meeting on April 27th at 9 am to prune a few trees at Brookside Park 1325 6th St. in Ames to prepare the 5 or 6 trees that will be used in our competition on May 19th. This will be a great opportunity for judges and other volunteers to get a sneak peek at the trees before the competition.

Unfortunately, competitors will not be allowed to help because the chosen trees need to stay secret to them until the competition.

It's possible that we will also have an informal single rope technique workshop if we get enough volunteers and equipment to finish the pruning with enough time.

Details still to come. Please let Scott Carlson (563-570-0561 / scarlson9999@csteldridge.com) know if you are coming.
