

ARBORIST CERTIFICATION PREPARATION COURSE

This course will prepare you to pass the test. It also discusses real world applications of the concepts presented. You will become a better arborist. We discuss the ins and outs of the test and cover tips to help you navigate it.

There are 17 two-hour weekly classes (1 chapter of the Study Guide covered per class plus a crucial review class).

Classes are held year-round. Join virtually anytime. For \$500 you attend classes until you pass the test. Stay as long as you want.

"I highly recommend Scott Carlson's I.S.A. certified arborist course to anybody involved in tree care. Aside from helping me immensely in test prep, the class has given me a wealth of knowledge that I will keep forever. Scott's love for trees and tree care is contagious! You will not find another arborist more passionate."
